Ergo-Smart® Prep Station

Designed with a focus on ergonomics and functionality.

Capsa Solutions line of Ergo-Smart Prep Stations are ideal for any sterile processing environment. All tools and supplies are within easy reach. The table top can be raised and lowered to the ergonomically correct height, reducing the back strain that can sometimes lead to injury.

The All New Ergo-Smart Prep Station from Capsa Solutions was created with a focus on ergonomic design and functionality. Capsa researched the needs of the sterile prep department to create a product that offers the perfect platform for success.
