

Upholstered Sit Stand

ergoCentric[®]
www.mrgona.com

Upholstered Sit Stand; function meets comfort.

The Upholstered Sit Stand allows users to alternate between sitting and standing positions at their workstations, offering short periods of relief to the lower body. The user has the ability to adjust the seat height and angle to accommodate a variety of work heights and tasks. Comfortable and convenient, the Sit Stand is a great companion to the upCentric Height adjustable Table. The Saddle Stool gives the user the same great benefits as a Sit Stand, along with the ability to sit even closer to the work surface.
